Math Homework – The principal has asked that all the grade levels do the math homework differently. All fourth grade classes will be sending home the same math homework (one page front-back). The work will have a series of review problems for the students to work on. I will pass out all 4 days of work stapled to the reading and spelling on Monday. There will still be work due each day of the week. Students may not hand in everything all at once on Friday.

Math Challenge – The math fact challenge will be held on October 5th. Most of the class is still doing addition facts (100 addition facts in 5 minutes). You can print out practice 5 minute tests at: <http://www.math-drills.com/addition.shtml>. Four students have passed addition and are currently working on subtraction. Math-drills.com also has subtraction practice tests.

Math Unit 3 – We have now started unit 3. The unit focuses on multiplication and division. Students should be working at home, as well as in school, to memorize their multiplication facts.

Reading Vocabulary (test date: October 7th) Story: *The Emperor and the Kite*

Website: http://www.kyrene.org/reading/4th_grade/theme_2/index.htm

Insignificant, steely, unyielding, twined, neglected, loyal, plotting, encircling
